The theme for Neighbour Day 2019 is:

Loneliness - what neighbours can do to create connections

Great neighbours create safe and welcoming communities for families with children and young people.

Here are some ways you can connect with your neighbours this Neighbour Day (or any day).

Offer to exchange contact details in case of an emergency. If you feel comfortable, let your neighbours know they can call you if they need help.

**Get to know the interests of your neighbours.** What do they enjoy doing or what would they like to do?

Link people you know that may appreciate each other's company in your street, or in your neighbourhood. Connecting to one another lessens social isolation and creates a greater sense of community.

Ask your neighbours how long they have lived in the area.

Most would love to tell you the history of the suburb or street!

Try carpooling or walking together if your children go to the same school. Expanding your friend group is a bonus for grandparents, parents and children alike.

## **CONNECTION CARD**

Use this card as a friendly way of connecting with your neighbours this Neighbour Day!
